

How to sponsor CMIS 2024

CMIS 2024 will attract up to 100 delegates to Lyon (France) for a three day conference. CMIS 2024 is a workshop with a balanced participation covering both the theoretical and engineering applications of various aspects of contact mechanics. Attracting delegates from across Europe, CMIS 2024 is part of the successful series of previous CMIS thematic events inaugurated in 1992 by Peter Wriggers and Michael Raous.

To ensure your organisation is profiled at this established event we have provided two different sponsorship opportunities. Please contact us if you are interested in any of the below options as we are always happy to discuss your sponsorship requirements and tailor packages to suit your particular needs.
